

2 ASSOCIATE CHIROPRACTORS WANTED

BOURNEMOUTH AND FORDINGBRIDGE CLINICS

We have just expanded our Fordingbridge Clinic and business is booming and we need another chiropractor. Also one of our successful chiropractors in Bournemouth has unexpectedly had to relocate to the North and we need to replace him, because we are busy and need someone to take on the new patients. We want someone to join our team who is positive and loves chiropractic, with or without experience. Someone who is willing to continue to contribute to the growth of the clinic by promoting chiropractic outside of the clinic and getting involved in the future of the clinic. This clinic has been training chiropractors for over 10 years so we are willing to take on PRT candidates. The position in the clinic is full time, but we are willing to look at part-time if the right candidate presents. You will be joining an experienced Clinic: our Fordingbridge Clinic has been established for over 30 years and our Bournemouth Clinic for 19 years.

If you are interested, please contact Janis on 07733364832 or email castlelaneclinic@gmail.com so we can arrange a meeting.
