

HEADSHAKING IN HORSES CAUSED BY TRIGEMINAL NEURALGIA

**TUESDAY 30TH APRIL 2019
WEBINAR**

EVENT OUTLINE

This webinar will discuss the clinical signs, possible treatments and present the research on the use of electro-acupuncture in the management of trigeminal-mediated headshaking in horses [see Devereux S (2019) Electro-acupuncture as an additional treatment for headshaking in six horses. *Equine Veterinary Education* 31 (3) p137-146.]

LEARNING OUTCOMES:

Following this webinar you will have a better understanding of Trigeminal Neuralgia and novel approaches to its management.

SPEAKERS: Sue Devereux

Sue is an equine vet with a special interest in the recognition and treatment of musculoskeletal pain in horses and is certified by the International Veterinary Acupuncture Society (IVAS). She completed the basic course of the International Academy of Veterinary Chiropractic in 2011 and has subsequently completed the Advanced Modules. Sue's patients include the whole spectrum of horses from small ponies to international competition horses.

Convenor: Emma Fretwell FRCC (Animal)
