

ARE YOU OUR NEXT CHIROPRACTIC SUPERSTAR?

WE NEED AN ADDITIONAL CHIROPRACTOR FOR OUR BUSY MULTIDISCIPLINE CLINIC TO MEET DEMAND.

This is a great opportunity for the right new graduate or an experienced therapist who is looking for a new challenge, but job may not be for everyone. Are you bright, energetic, self-motivated and willing to go that extra mile to help patients and help the team? Are you comfortable speaking to patients, other health care professionals and the public? Then this job may be for you...

But who are we?

We are a Diversified Chiropractic and sports injury clinic based in Chorley, Lancashire with a loyal patient base which stretches for various parts of the UK, with a dominance in those from Wigan to Preston. We have a strong functional base to our approach to make our patients move and work to their maximum at all times. We started in 2015 from a small room in a golf driving range before moving to our 5 room multi-discipline practice on Ackhurst Road. We have great links with local sports clubs, including football, golf, rugby and gymnastics clubs in and around Chorley, which we are keen to further develop to help the local community.

We are a supportive and energetic group, driven by our desire to assist patients to reach their personal goals through hard work, creativity and ingenuity. We seek constant improvement in every aspect of our own life as well as that of our patients, their friends and family. Our family-orientated environment is a space to overachieve on your health and life goals and to celebrate with a team of like-minded supporters.

More details on our next addition ...

We are looking for a high performing specialist, to join our great team here at ProHealth Chiropractic, to provide hands on care for patients. Our new therapist position will be working alongside Chiropractors, and other Sports Rehabilitators within the clinic.

This position is open to students who are keen for a great grounding to start their career in a clinical setting, as well as established therapists who are keen for a new challenge. Our candidate should be willing to work within our model of care, be open to learning new techniques and deliver a WOW service to our patients.

We give you a great chance to build a practice, which includes a dedicated Clinic Assistant to maintain best practice. We have regular meetings with the whole team, therapist team training, individual mentorship, team events and a supportive group of like-minded individuals to work with.

We have a keen emphasis to learn as you earn. This is seen by our presentation evenings, weekend courses taken by outside instructors and fortnightly group learning sessions. We are offering a full time, employed contracted, with scope for progression as your practice grows. We are offering a guaranteed minimum fee and additional bonus related payments based on performance and patient centred goals. We expect to have an average of 1 new patient per shift in your diary, with more generated at local and internal events arranged by the clinic.

We have a registered PRT Trainer within the clinic to take you through the PRT programme with the RCC, which we will pay for the first years subscription within the RCC.

Our team is building, as is our clinic. To get a quick idea of what our clinic is about, you can have a look at our introduction video here ... <https://www.youtube.com/watch?v=r0D9naQgKj0>
We are continuing to invest in the clinic and expect to have a small rehabilitation facility in place by the summer, as well as a new treatment room by spring.

When do we need you?

We have an opening from 1st March, however we are prepared to wait until the summer for the right candidate. You will be invited to participate in voluntary training from the day you accept our offer, no matter when your start date is.

What to do next?

Please email your CV and covering letter to info@prohealthchiropractic.co.uk and tell us why we would need to assign you to this wonderful opportunity. We will select a smaller number to send additional information about further progress. As you may appreciate, a lot of our interview process will need to be done via webcams and zoom due to the CoVid restrictions, however a small number of candidates will be brought into the clinic to meet face to face.

I look forward to hearing from you.
