

Maristow Chiropractic Clinic in Wiltshire is looking for a motivated and committed individual to join our practice and take over an existing patient base from an associate who is relocating.

The clinic has been established in 2003 and has an excellent local reputation from its relaxed, yet professional atmosphere. The clinic has diagnostic ultrasound and shockwave facilities.

Currently 3 days a week are available but there is scope to expand to full time in near future, post Covid. We have been running at capacity due to restrictions but demand is high for both new and existing patients.

New graduates and experienced chiropractors both welcome. Sports injury experience useful yet not essential!
PRT Training is available.

Please send CV and cover letter to kay@maristowchiropractic.com
