

Rotherham

We're running three busy clinics in Sheffield / Rotherham and are graduates from AECC with 28/30 years' experience. We have mentored many associates over the years and all have stayed for between 5-20 years. We are PRT trainers, and you will be observed, observe and have weekly meetings, but can grab us any time for help. Our most recent graduate, Charlotte Moran, who graduated from AECC last year, is very happy to talk with any of you.

We offer a transparent self-employed contract with a high percentage, which increases yearly. However, earnings are not everything.

At the Rotherham Chiropractic Clinic, opposite a lovely park, we've made a flat for Charlotte and her partner, which they rent at a low cost. If you are interested, we will create a flat next to Charlotte where you can find your feet as a new graduate without worrying about finding a place to live as well.

We have a podiatrist, a sports masseur and a nutritionist within our team too to whom we refer patients on a regular basis; beyond that we are four chiropractors in total.

We are generalists, so we will see all ages in clinic, however we also currently work extensively with elite sports especially the City of Sheffield Diving Club which has GB team members, and trampolinists, including the current Olympic Silver medalist, and have worked with other sports too. We are all BCA and RCC members, Gareth and I are both RCC Sports faculty members and I'm also a member of the faculty of Paediatrics.
