

SW London

Tom Greenway, top sports chiro and previous Chair of RCC Sports Faculty, is looking for a new chiro to join his team:

GREAT OPPORTUNITY AVAILABLE IN A WELL-ESTABLISHED SW LONDON CLINIC, FOR AN ENTHUSIASTIC CHIROPRACTOR (PRT GRADUATES WELCOME)

Large well-established clinic in South West London is looking for a chiropractor to join the multi-disciplinary team which includes chiropractic, physiotherapy, podiatry, acupuncture, and massage. We are looking for someone to take over an existing well-established patient list as the chiropractor is moving overseas. The clinic has a great reputation locally and has been established for more than 30 years. The clinic has a sports chiropractic background with expertise in premiership football and the Olympics. This role would suit a chiropractor who wishes to work in a multi/inter-disciplinary environment and who would be capable of developing their own niche (not necessarily in sports) within a large clinic. The position is open to a practicing chiropractor or a graduate who is looking for a fully supported PRT position.

Please send a CV with a covering letter to Tom Greenway at tgreenway@waldegraveclinic.co.uk
