

A chance to do your PRT in beautiful Snowdonia!

Busy practice requires help in Bangor, Gwynedd. A university town between the mountains and the sea with extensive opportunities for normal and extreme sports. 2 hours from Manchester and Liverpool, and 3 hours from Dublin. The clinic environment is friendly and bilingual (Welsh and English), and we have a large number of multicultural patients due to the university.

This is a 2 - 3 year opportunity for you to receive a good PRT, treat plenty of patients, pay off the student loan, become a good and confident Chiropractor, before deciding where you want to spend the rest of your career.

I happen to have been the tutor for the North West Britain for the last 15 years, and have an interest in Chiropractic excellence. This involves not just Chiropractic knowledge, but complex biomechanical diagnosis, good technique, and patient handling. It is hoped that the applicant will also develop their own specialist knowledge and skill set.

There are opportunities to engage with the local NHS academically, and politically.

For further information about the clinic visit www.clinigceiropacteg.cymru and then contact steve@clinigceiropacteg.cymru or phone 01248 370242.

Financial arrangements will be 50% initially (subject to persuasion 😊), and the first years BCA and GCC fees paid. 'A good Chiropractor should not have to worry about

money, as people seek them out'.

Snowdonia from Ireland (90 miles away)
