

# Full time Chiropractor required in Stowmarket and Bury St Edmunds.

Abbey Chiropractic established in 2000 in the picturesque market town of Bury St Edmunds, Suffolk. We are a small, friendly clinic with three treatment rooms striving to provide high quality musculoskeletal care to our ever-growing community of patients with a strong emphasis on patient education. In 2020 we expanded to the nearby town of Stowmarket, a short 15-minute drive away by taking over an existing chiropractic clinic which has been serving the rapidly expanding town for 17 years. The Stowmarket clinic has recently been refurbished and sits conveniently opposite the train station which gets you into London Liverpool Street in just over an hour.

We now need more clinical staff to help support the needs of these two growing towns and their communities. We are looking for a self-motivated, caring, committed chiropractor to complement our team of receptionists, chiropractors and sports massage therapists. The position would be working between these two clinics on an employed or self-employed basis, Monday to Friday (no Saturday's) with the option to provide Royal College of Chiropractors PRT mentorship if required.

If this position interests you, then please contact Marié Broodryk on [info@abbey-chiropractic.com](mailto:info@abbey-chiropractic.com) or +447949510898 for more details.
