

Associate Chiropractor Wanted for AWARD WINNING PRACTICE in Durham City for immediate start.

A great opportunity has arisen for an associate to join our busy award-winning multidisciplinary practice in the picturesque old English University city of Durham in the north east of England.

Durham Family Chiropractic is a vibrant practice, established for over 25 years and proud to hold an excellent reputation amongst the local communities and businesses. We currently hold the PPQM and CMQM awards from the Royal College of Chiropractors and are one of approximately 50 clinics in the UK who hold both awards. This demonstrates our commitment to providing first class care.

We are looking to hire a new full-time associate chiropractor with immediate effect. We moved into a much larger purpose-built premises in March 2022 and our patient numbers have grown again significantly. One of our chiropractors is moving on and so you will take over their patient base.

The associate position would suit an experienced chiropractor or an exciting new graduate with the right skills and attitude. We are looking for a dedicated, professional team player with excellent communication skills who is able to learn, re-learn and adapt where necessary.

The practice consists of five large treatment rooms, a large staff room, reception and waiting area. Parking is available on-site. The clinic has a continual stream of new patients, averaging 25-30 per week, enabling you to quickly build and maintain a busy schedule. Many of our patients have been with us for over 20 years and see us regularly.

Our team currently consists of five chiropractors (full and part-time), a sports, remedial massage and lymphatic drainage therapist, a traditional Chinese Medicine Acupuncturist, a clinic manager and two Chiropractic assistants.

The clinic takes an evidence-based, outcome-driven approach to care while still respecting patient preference. We utilise Care Response to gather objective outcome data allowing us to track progress and patient satisfaction more closely and therefore maximise patient potential. We are a paperless practice, utilising iPads for note taking with the Jane App clinic diary and booking system. We also have state of the art patient education technology which can be delivered using the iPads. There is also access to the Rehab my Patient online service.

The services we currently provide are Chiropractic, traditional Chinese acupuncture, sports and remedial massage, lymphatic drainage, shockwave therapy and diagnostic ultrasound (MSK).

The techniques practiced by our chiropractors are diversified, Webster, Advanced BioStructural Correction (ABC), soft tissue/fascial manipulation, dry needling, and MSK exercise rehabilitation. We have top of the range Atlas Clinical treatment

benches with full drops and flexion-distraction capabilities. We also see babies and toddlers at the practice.

The Principal Chiropractor and Clinic Director is a member of the BCA, registered PRT Trainer and a Fellow and Director of Academic Affairs for the Royal College of Chiropractors Orthopaedics, Rehabilitation and Exercise faculty and can take you through PRT if required. Your practice style will be respected and supported, providing it aligns with the clinic mission and vision.

Durham City and the surrounding areas are a great place to live and work, blending city life with picturesque countryside. There is great leisure and entertainment in the city, with Newcastle and Northumberland being a stone's throw away. Located on the East Coast mainline, Durham boasts excellent connections by rail being 15 mins from Newcastle, 45 mins to York and only 2 hrs. 50 mins from Central London.

At Durham Family Chiropractic we believe in a good work-life balance and the clinic hours of the new associate can be flexible. We will have approximately 50 hours per week available over 5 days (Mon-Fri with Saturdays open if desired). The atmosphere in the clinic is modern and relaxed.

What we will provide:

- A steady stream of new patients
- In-house PRT Training (if required)
- First Class mentorship from an experienced team of Chiropractors and other practitioners
- Support from an exceptionally experienced clinic manager and reception team
- Support with professional fees in the first year (if appropriate)
- Exposure to diagnostic ultrasound and shock wave therapy (if interested)

Remuneration is 50% and paid on a weekly basis.

Please visit our website at www.durhamchiropractic.co.uk to get a feel for the practice and your potential working environment using our Virtual Tour.

If you would like more information, a chat, or to apply for the job then please email info@durhamchiropractic.co.uk or call 0191 375 7600 and ask for Penny.
