## Introduction To Rheumatology Red Flags

with Jack March

### Webinar Outline

Join Jack March, The Rheumatology Physio, for an informative and engaging online webinar. In this one-hour session we'll cover the common rheumatology red flags that can indicate underlying inflammatory conditions, and how they can be screened for.

### Learning Outcomes

- Understand rheumatology red flags in the context of a musculoskeletal assessment
- Have confidence in screening for rheumatology conditions
- Know about associated comorbidities that increase the likelihood of developing a rheumatology condition
- Clinically reason the relevance of inflammatory symptoms
- Utilise screening tools

### Speaker

Jack March is a Physiotherapist, content creator, educator and podcaster. He qualified in 2008 from Plymouth University and, after rotational posts, settled into Rheumatology which he has made his speciality since 2011. He has given seminars, lectures and full day courses on Rheumatology subjects mostly covering the topics of recognition, investigation and management. These have been aimed at Allied Health Professionals but also attended by medical staff. His current roles include Rheumatology Clinical Lead for Chews Health and Operations Director of Chews Media, which incorporates The Physio Matters Podcast Team.
